## NPK 8.2.3 ORGANIC MATTER AND FREE AMINOACIDS

### NATURAL BIOESTIMULANT NITROGEN RICH

**Peptolina** is a fertilizer based on hydrolyzed animal protein, which naturally contains NPK, organic matter and aminoacids, to be used at the time of greatest crop demand.

**Peptolina** is nitrogen, phosphorus and potassium rich, easily assimilated by plants gradually. It's high organic matter content and aminoacids gives it a remarkable biostimulant effect against adverse weather conditions (spring cold, water stress, late frost, wind, hail, floods, etc).
